

## Welcome to the Aqua Products Gear Guide 2016

As you will notice when flicking through the pages of this latest catalogue, it has been a busy and hectic year for the Aqua Products® team. We have a reputation of never sitting still and 2016 is no doubt going to be a great year for us and hopefully for you, the Aqua user. We have revised several products this year, and of course introduced some really useful additions to the already extensive range. We are passionate in our aim of encouraging participation in our sport, and our "getting out there" section will hopefully inspire one or two of you to do just that. The Aqua team wishes you all the best in your quest for this year's target fish, personal bests and whatever other reasons you choose to get out there, and we hope you enjoy what we have to offer in 2016.

### Where to buy

Our products are available at selected stockists in the UK and they can also be purchased directly through our website. To find your local stockist please visit [www.aquaproducts.co.uk](http://www.aquaproducts.co.uk). We aim to provide angling centres with a comprehensive range of stock and supporting information to help you choose the right products to suit your style of angling.

### [www.aquaproducts.co.uk](http://www.aquaproducts.co.uk)

Our new website features the full Aqua Products® range including many more product images to help you choose the right gear. We also have an extensive gallery of images to view online plus product video demonstrations on the Aqua TV area. You can download the latest catalogues, instruction manuals for our product ranges including care & use, bivvy maintenance, condensation management and much more. Purchase directly through our website and you also make savings on future orders with our loyalty scheme.

### Join us

Register online with Aqua Products® and create a customer profile for super speedy checkout and exclusive member benefits. Track the status of current orders, review previous orders and receive the latest product offers and news via our regular newsletter.

### Follow us

Aqua Products® have a very loyal fan base so you can join in by following us on these social media platforms:

INTRODUCING

For twenty five years we have crafted some of angling's best made and most sought-after products. Many of our original bivvies are still in use today, pushing on through the weather and going strong. This is something we're very proud of.

Aqua Products® was formed in 1990 in response to a need for quality bivvies. Founded by Chris Manifold, a pioneering bivvy designer, Aqua Products birth is attributed to the founder's desire to have a shelter to complement his own angling sessions. From this personal desire to have a product that was better than any other on the market, Aqua Products® emerged and evolved into the well respected brand it is today, with a history of manufacturing some of carp angling's most desired bivvies.

Based in the North West, our range of signature Aquatexx® bivvies and brollies has continued to evolve and the loyal following from Aqua users is testament to getting things right. For 25 years we have designed and developed products in-house and are fueled by a creative collaboration of dedicated carp anglers and a well established development team. By taking the real needs of carp anglers into consideration, our aim is to craft products that are functional, look good, and provide longevity.

Our shelter designs have played an inspirational part in carp angling history and to continue satisfying the high expectations of Aqua users is no easy task. We not only have an obligation to produce top drawer bivvies but our carp care products have a reputation as some of the best available. Over the years we have spent countless hours designing these essential and arguably the most important pieces of equipment so that you are as comfortable in your environment as the carp are in theirs.

Staying true to our roots we have continued to develop our luggage, keeping to the fundamentals of using the best quality materials with typical Aqua Products® design. The Black Series range (our most comprehensive range of luggage to date) is a real testament to any previous luggage we have launched and a little walk down memory lane for those who remember the old black zipped Aqua Luggage.

Aqua Products® are very proud to play a market leading role in carp angling equipment, we are proud of our history and will continue to push forward, developing the high quality products that wear our highly respected badge.

A photograph of a camouflaged tent set up in a dense forest. The tent is the central focus, featuring a pattern of green, brown, and purple leaves and branches. To the right of the tent, several fishing rods are laid out on the ground. The background is filled with lush green foliage, and the lighting is soft, suggesting a shaded forest environment.

Balancing working life with fishing can be tough but having limited time is not always a bad thing. Being mobile, keeping things simple and preparing for little windows of opportunity can often lead to memorable captures.

Fast, effective & functional.  
Our best selling brolly is a real trooper.

402103

**Camo Fast & Light Brolly**

**£279.99**

DPM camo version of our best selling brolly. This Light and compact design will easily fit into quiver systems and will take up very little space on a barrow. Constructed using our legendary Aquatexx®, the fast & light is built around a 55 inch hi-tensile powder-coated steel frame which, when combined with the unique space saver frame give excellent coverage and strength. This stripped down shelter is a real trooper with typical Aqua Products build quality and is compatible with our new overwrap. Please note: brolly requires 24" Quick Sticks available separately. 48" Quick Sticks are also available for extra stability in bad weather.

- Performance grade **AQUATEXX®** in DPM camo.
- Space saver frame.
- Ninth rib system.
- Extended storm sides.
- Machined aluminium bell cap with tie down ring.
- Rod retaining straps.
- Comes complete a light weight storage sleeve.
- Overwrap available
- Requires 24" Quick Sticks (not included).
- Footprint 2480mm (w) x 1850mm (d)
- Height 1350mm
- Brolly weight :4.5kg
- Weight including sleeve and pegs: 5.5kg

403703

**Fast & Light Groundsheet**

**£59.99**

Many hardcore anglers use brolly systems without a ground sheet, but in muddy and damp conditions your gear is going to get messy. This hard wearing groundsheet has been designed specifically for the fast & light brolly and is secured using the same brolly pegs to maintain it's position for full protection against mud and moisture.

- Hardwearing PVC construction.
- Seamless design to reduce rips and tears.
- Aqua branded rubber tag to indicate door positioning.
- Fits all fast & light brollies.
- Supplied in a lightweight carry case.
- Weight: 1kg

403800

**24" Quick Sticks**

**£13.99**

Aqua Products® Quick Sticks are designed to make set up and pack down times even easier by utilising a quick fit mechanism. These storm rods are finished in a matt black powder coating and feature twin locking nuts to prevent slippage.

- Required for all Fast & Light brollies.
- Extendable to 40"
- Sold individually.

403801

**48" Quick Sticks**

**£14.99**

An optional extra to complete your Fast & Light set up. When high winds and bad weather is expected the additional stability of a longer storm pole will be invaluable. Use in addition to the 24" version for a more solid set up.

- Optional extra for all Fast & Light brollies.
- Extendable to 80"
- Also compatible with the Heritage 60" brolly.
- Sold individually.

A night scene of a riverbank. On the left, a person is sitting under a dark tent on a paved path. Several bright, warm-toned lights are mounted on the path, casting long shadows and illuminating the wet pavement. The path runs alongside a body of water on the right, which reflects the lights. In the background, there are trees and a bench. The overall atmosphere is quiet and focused.

Quick, lightweight and tough, just some of the expectations mobile angler's put on their equipment, and of course there's versatility. Regardless of weather conditions, the opportunist is ready to move on the fish in a heartbeat. When the weather turns or the fish decide not to show, do we call it a day and pack up, or wrap up for the night and push on?

Groundbreaking, innovative & ultra compact.  
Back in carpy green. Seems a shame to cover it up.

402110

**Fast & Light MK2**

**£279.99**

The second incarnation of our popular fast and light raises the bar in more senses than one. Thanks to our space saving, hi tensile steel frame we have managed to increase the head room but maintain the slender pack size associated with mobile and quick to erect brollies. The 9th rib (a firm favourite with users) allows unhindered vistas and our 55" framed broolly (with redesigned wings) gives an increased level of coverage without hindering the view. By tweaking the design of this tried and tested frame we have squeezed every last centimetre of space from such a small foot print. We have also improved the fittings and fixtures by powder coating them in stealthy black to compliment the green Aquatexx®. Effective, reliable and ultra mobile, the fast & lights have the been first choice for many serious anglers for very good reason, this version will be just as popular.

- Performance grade **AQUATEXX®**.
- Space saver frame.
- Ninth rib system.
- Extended storm sides.
- Machined aluminium bell cap with tie down ring.
- Stealthy black powder coated fittings.
- Rod retaining straps.
- Comes complete a light weight Aqua storage sleeve.
- Requires 24" Quick Sticks (not included).
- Footprint 2480mm (w) x 1850mm (d)
- Height 1350mm
- Broolly Weight: 4.5kg
- Weight including sleeve and pegs: 5.5kg

402111

**Fast & Light Overwrap**

**£139.99**

The demand for a fast & light wrap has been well documented, so for 2016 we have answered the call from our loyal fan base. We now offer a solution for users to continue using the fast and light, year round in any weather. The overwrap twin skins the fast and light helping to reduce condensation but is primarily designed to convert the fast and light into a full fronted shelter. Making use of the whole footprint and adding extra inches at the front is essential in inclement weather but in true "mobile stye" this wrap is small enough to stow neatly away in your tackle should the weather conditions dictate. The wrap is fully compatible with all previous versions of the fast and light but requires storm rods to be used to aid stability (storm rods sold separately).

- Performance grade **AQUATEXX®**
- Compatible with all previous fast & light brollies.
- Pegging points.
- Lightweight carry case included.
- Requires storm poles (sold seperately).
- Weight: 2kg (3kg with pegs)

402113

**Camo Fast & Light Overwrap**

**£149.99**

The popularity of the DPM pattern in our products has not gone unnoticed, and with our new 2016 fast & light broolly being introduced in carpy green Aquatexx®, we thought it was only right to offer the the same all year round overwrap solution to our camo fast & light users, or of course, to give owners of the green broolly an option to go camo.

- Performance grade **AQUATEXX®**.
- Compatible with all previous fast & light brollies.
- Pegging points.
- Lightweight carry case included.
- Requires storm poles (sold seperately)
- Weight: 2kg (3kg with pegs)

A person is sitting under a large, white, dome-shaped brolly shelter at night. The shelter is illuminated from within, and a lantern is visible on the ground nearby. The background shows trees with some autumn-colored leaves under a dark sky.

By the time some anglers have chosen a swim you could have a fish on the bank. This style of no-nonsense angling is very popular and despite the innovative shelters available, the speed, efficiency and coverage of a conventional brolly system make it the first choice for many anglers. The concept has barely changed and just like simple rigs and classic baits, the old school brolly is pretty hard to beat.

The old school conventional brolly.  
A tried & tested, bomb proof design.

**402105**  
**Heritage 60 Inch Brolly**

**£269.99**

The original 60 inch brolly was good, this one's great. Designed to be used on its own or converted into a full brolly system using the Aquatexx® infill, mesh infill and hardwearing groundsheet (available separately). This brolly is quick to set up, equally quick to pack down and offers a comfortable amount of living space. Most modern sized bed chairs will fit and there's enough space for additional luggage. Please note this product requires 2 x 32 inch quick stick storm rods.

- Performance grade **AQUATEXX®**.
- Large 60" powder coated hi tensile steel frame.
- All 4 rear spars touch the ground.
- Mini storm sides for additional protection from the elements.
- Solid machined bell cap.
- Mesh Mozzi infill available.
- **AQUATEXX®** infill available.
- Hard wearing groundsheet available.
- Multi directional machined brass storm caps.
- Comes complete with pegs.
- Supplied with a lightweight storage sleeve.
- Footprint 2600mm (w) x 2150mm (d)
- Height 1240mm
- Brolly weight: 5.6kg
- Weight including pegs: 6.6kg

**402106**  
**60 Inch Brolly Groundsheet**

**£69.99**

Many conventional brolly users can live without a groundsheet, but your gear can often get messy. This hardwearing groundsheet has been designed specifically for the Heritage 60" Brolly and is secured using the same brolly pegs to maintain its position for full protection against mud and moisture.

- Hardwearing PVC construction.
- Elastic and ring retention system.
- Bound edges and seamless design to reduce rips and tears.
- Aqua branded rubber tag to indicate door positioning.
- Supplied in a drawcord top carry bag.
- Weight: 1.8kg

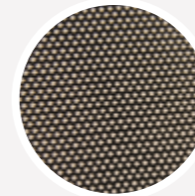

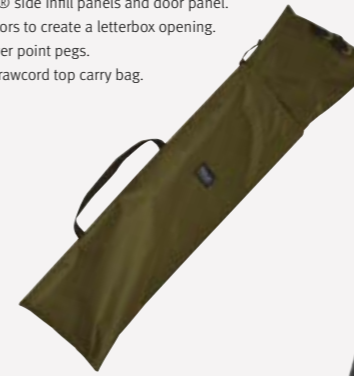

**402108**  
**60 Inch Aquatexx Infill**

**£99.99**

A Twin Aquatexx® infill designed solely for use with our Heritage 60" Brolly. Simply velcro-fasten into position and turn your 60" brolly into a full shelter system.

- Twin **AQUATEXX®** side infill panels and door panel.
- Dual-zipped doors to create a letterbox opening.
- Heavy duty auger point pegs.
- Supplied in a drawcord top carry bag.
- Weight: 1.2kg

**402107**  
**60 Inch Mesh Infill**

**£69.99**

A full mesh infill panel designed solely for use with the Heritage 60" Brolly. Simply velcro-fasten the mesh infill panel into position and the brolly is transformed into a bug free zone.

- Dual-zipped doors to create a letterbox opening.
- Heavy duty auger point pegs.
- Supplied in a drawcord top carry bag.
- Weight: 0.8kg

**403802**  
**32" Quicksticks**

**£14.49**

Aqua Products® Quicksticks are designed to make set up and pack down times even easier by utilising a quick fit mechanism. These storm rods are finished in a matt black powder coating and feature twin locking nuts to prevent slippage.

- 32" Quickstick required for our 60" Heritage Brolly.
- Extendable to 60"
- Sold individually.

**403801**  
**48" Quicksticks**

**£14.99**

These optional larger Quicksticks can be used to further strengthen your brolly set up.

- 48" Quickstick optional extra for our 60" Heritage Brolly.
- Extendable to 80"
- Compatible with Fast & Light brollies.
- Sold individually.

A photograph of a camouflaged tent in a forest near a river. The tent is dark with a pattern of light-colored spots and is pitched on a grassy bank. The background is a dense forest of tall, thin trees with bare branches, suggesting a late autumn or winter setting. The lighting is soft and golden, creating a warm atmosphere. The tent is partially obscured by tall grasses in the foreground.

The lightweight mobile approach is not all about swim hopping and chasing fish. Your target area or the current hot spot could also be the tightest, most inaccessible swim on the water, more of a hike than a walk and certainly no place for a barrow.

An extremely compact, pram-hood-style design.  
Weighing a mere 3.5kg, with a pack down size of only 65cm.

401533

**Camo Atom®**

**£299.99**

The smallest, lightest one-man bivy in the industry. Launched in 2015 the Camo Atom® follows the footsteps of the original ground-breaking Atom® but this time in DPM Aquatexx®. Perfect for the hardcore angler who travels light and limits their creature comforts on the bank. For a bivy of this standard, the pack down size is incredible and as a stand alone set up or with the optional extras available, the user has a fully functioning, pram hood design shelter in an extremely compact size.

- Performance grade **AQUATEXX®** in DPM camo.
- Moszti Door.
- 2 Rib System.
- 5 Break pole system for ultra-compact pack size.
- **AQUATEXX®** wrap available.
- Lightweight ground sheet available.
- Comes complete with pegs.
- Supplied with a light weight DPM storage sleeve.
- Footprint 2350mm (w) x 1550mm (d)
- Height 1080mm
- Bivvy weight: 3.5kg
- Weight including sleeve and pegs: 4.5kg

Pack Down Size\*

\*Scales not included. For illustration purposes only.

401538

**Camo Atom® Wrap**

**£129.99**

This Aquatexx® DPM camo wrap turns your Atom® into a twin skinned bivvy. As you would expect, and in true Atom® style, this wrap packs down to the size of a bag of sugar. During the winter months when you need to take extra equipment, food and clothing to stay comfortable, having accessories that pack down small will save valuable weight and space.

- Performance grade **AQUATEXX®** in DPM camo.
- Supplied in a drawcord top Aqua carry bag.
- Space saving pack size.
- Fits previous versions of the Atom® bivvy.
- Weight: 1kg

403704

**Atom® Groundsheet**

**£49.99**

Complete your Atom® Bivvy concept and protect your gear from the muddy and damp conditions. This lightweight groundsheet is secured using the same bivvy pegs used to keep down your Atom® to maintain it's position.

- Lightweight, hardwearing PVC construction.
- Seamless design to reduce rips and tears.
- Aqua branded rubber tag to indicate door positioning.
- Also fits previous versions of Atom® bivvy.
- Supplied in a lightweight carry case.
- Weight: 1kg

Ticket booked, baits sorted, rigs tied and tackle organised, nothing beats the anticipation of a well planned session. Preparation reaps maximum awards, especially on pressured waters, so being “on your game” and ready for a number of scenarios will play a huge part in your success.

M3 COMPACT

A feature packed, one man bivy with a swim friendly footprint.

401200

M3 Compact

£469.99

This M3 Compact bivy is the evolution of the extremely popular carbon compact. Using the tried and tested 16mm rigid pre-formed and powder coated aluminium tube (as introduced in 2000 on the the original MK1) this bivy bridges the gap nicely between a classic one man bivy and a 60 inch broly offering a neat and compact set up without the excessive weight and space. The M3 Compact bivy benefits from a unique and stable, twin rib design and swim friendly footprint.

- Performance grade **AQUATEXX®**.
- 16mm pre formed rigid aluminium tube.
- Stable & compact 2 rib design.
- Front and rear vents.
- Compact footprint.
- Full zip off infill panel.
- Zip off peak.
- Wrap available.
- Complete with carry case, pegs and infill.
- Weight of bivy including infill: 3.8kg
- Total weight of all parts included: 7.2kg
- Footprint 2540mm (w) x 1980mm (d)
- Height 1240mm

401201

M3 Compact Wrap

£259.99

Constructed using performance grade Aquatexx® and featuring the same great configuration of mesh vents that we use on the M3 Compact bivy. The wrap has all the expected cold weather benefits, turning our compact bivy into a twin skin and also reducing condensation during the spring and autumn. As the temperatures rocket and the sun beats down the extra cover will keep the living area darker, keeping the living space as cool as possible. The front and rear vent system creates a flow of fresh air and works perfectly with the bivvies matching system.

- Performance grade **AQUATEXX®**.
- Small porch area.
- Rear vent.
- 3 front vents.
- Compatible with Carbon Compact bivvies.
- Supplied in a Aqua carry bag.
- Weight of wrap: 4.1kg

We have a wealth of information, new methods, and innovations but some things in carp fishing stay relatively unchanged. They develop and improve over the years, but are never too far from the original concept. These ideas, concepts and products are recognised as game changers and benchmarks for others to follow.

The industry benchmark. A bankside veteran.  
If you only want one bivvy, make it this one.

401100  
**M3 Bivvy**

**£499.99**

This needs no introduction, our number one selling product. Our benchmark M3 bivvy features the unbeatable Aqua-designed frame and highest grade Aquatexx®. Supplied in a high quality, heavy duty carryall complete with auger point pegs, tension strap and window plus an upgraded tension bar system with interlocking precision moulded fittings. A very versatile system with wraps and extended wraps available separately or as bundle deals.

- Performance grade **AQUATEXX®**
  - Precision moulded interlocking frame support.
  - 3 rib system.
  - 2 break pole system.
  - Full removable mozzi infill.
  - Two way door zips.
  - Clear window blind.
  - Rear mozzi vent.
  - Removable peak.
  - Rod retaining straps.
  - Heavy duty groundsheet & pegs included.
  - Tension strap included.
  - Supplied in a high quality case.
  - Wraps and bundle deals available.
  - Bivvy weight: 6kg
  - Weight of infill: 2kg
  - Weight of groundsheet: 2.5kg
  - Weight of pegs, case & accessories: 1.5kg
  - Total weight of full system: 12kg
  - Footprint 2750mm (w) x 2250mm (d)
  - Height 1400mm
- Configurations
- Peak on / off.
  - Storm blinds closed.
  - Infill on / off.
  - Panoramic view (blinds rolled back, mozzi infill on).
  - Open fronted.

401520

**M3 Super Wrap**

**£299.99**

Crafted from high grade Aquatexx® this super wrap has panoramic front vents, a rear vent and extends your bivvy to give an extra 60 cm (2 feet) of ground space at the front. These M3 super wraps also fit MK1, MK2 & M3 one man Armo's. When the wrap is fitted it converts the 1 man armo into a 2 man bivvy. Its simply a case of rolling back the sides of the bivvy and securing with the tie backs, or in the case of the M3, remove the infill. This versatile bit of kit saves you the expense of buying a separate 2 man bivvy and gives you that option of supreme comfort on longer sessions.

- Performance grade **AQUATEXX®**
- Integral pole for added stability.
- Large porch area.
- Rear vent.
- 3 Front vents.
- Pegs supplied.
- Heavy duty carry bag supplied.
- Fits MK1, MK2 and M3 one man Armos.
- Weight of wrap: 6kg

401501

**M3 Extended Wrap**

**£229.99**

Our hugely popular M3 extended wrap features the same high grade Aquatexx® that we use on the M3 along with mesh vents all round for when the temperatures rocket. This wrap gives you all the benefits of a twin skin while only minimal additional space is required meaning tighter swims are now more accessible for M3 users with wraps. Twin skinning your M3 with this wrap will reduce condensation and also darken and cool down the bivvy during the sunnier, warmer months. With these features plus the front & rear vents to allow air flow, you have the perfect "all weather" system.

- Performance grade **AQUATEXX®**
- Small porch area.
- Rear vent.
- 3 front vents.
- Pegs supplied.
- Supplied in an Aqua carry bag.
- Weight of wrap: 4kg

A complete M3 system,  
all wrapped up in a bundle...

Buying a complete system together will save you up to £100 off the RRP. Combine our top selling M3 bivvy together with the super wrap and you have a feature packed, all weather system offering both one man and two man configurations. Alternatively, if you only need a one man system that has you covered for all seasons (plus a little extra porch space), we offer the extended wrap deal.

401120

**M3 Bivvy & Super Wrap Deal**

**£699.99**

- Full M3 bivvy system with carry bag.
- **AQUATEXX®** super wrap with carry bag.
- Weight of bivvy system: 12kg
- Weight of wrap: 6kg
- Total weight of all parts included: 18kg

401130

**M3 Bivvy & Extended Wrap Deal**

**£649.99**

- Full M3 bivvy system with carry bag.
- **AQUATEXX®** extended wrap with carry bag.
- Weight of bivvy system: 12kg
- Weight of extended wrap: 4kg
- Total weight of all parts included: 16kg

It's about extending our horizons and exploring uncharted waters. Maximising our time on the bank and keeping the 9 to 5 at bay, we want the stories, the adventure and a kettle that never runs dry.

The largest M3 in the range.  
Real luxury for one, comfortable for two.

401300

**M3 Duo® Bivvy**

**£599.99**

The ultimate in spacious comfort and the most feature packed 2 man shelter available. Offering luxurious capacity with the same great features as our top selling M3. The M3 Duo® has superb ventilation thanks to its front and rear mozzi vents, perfect for summer sessions on the continent while an extended wrap (available separately) will keep condensation to a minimum as the seasons change.

- Performance grade **AQUATEXX®**.
  - Precision moulded interlocking frame support.
  - 3 rib system.
  - 3 break pole system.
  - Full removable mozzi infill.
  - Two way door zips.
  - Clear window blind.
  - Rear mozzi vent.
  - Removable peak & infill.
  - Rod retaining straps front & back.
  - Heavy duty groundsheet included.
  - Auger point pegs included.
  - Tension strap included.
  - Supplied in a high quality carryall.
  - Extended wrap available.
  - Bivvy weight: 7kg
  - Weight of infill: 2.5kg
  - Weight of groundsheet: 3kg
  - Weight of pegs, case & accessories: 1.5kg
  - Total weight of full system: 14kg
  - Footprint 2450mm (w) x 3100mm (d)
  - Height 1500mm
- Configurations
- Peak on / off.
  - Storm blinds closed.
  - Infill on / off.
  - Panoramic view (blinds rolled back, mozzi infill on).
  - Open fronted.

401310

**M3 Duo® Wrap**

**£259.99**

The M3 Duo® wrap features the same high grade Aquatexx® as used on the M3 Duo®. The wrap reduces condensation as the seasons change while also having front and rear vents to cool the bivvy as temperatures rise. A small porch area provides additional storage space to further increase comfort levels.

- Performance grade **AQUATEXX®**.
- Small porch area.
- Rear vent.
- 3 front vents.
- Supplied in An Aqua carry bag.
- Weight of wrap: 5kg

**Atexx 5 Sleeping Bag****£159.99**

The Aqua Atexx 5 is a no nonsense five season sleeping bag that offers superior levels of warmth for year round use. Using the performance grade Aquatexx® bivvy fabric as the basis for the bag guarantees durability and protection. The bag has a deep hollow fill fibre filling and fleece lining, so the extra warmth will allow you to push your fishing boundary's further into the year and get you through those chilly mornings. Shaped for the maximum comfort this sleep system will compliment most modern sized bed chairs and also has a unique zipped section in the hood so you can make a pillow using clothing, a dedicated pillow is also available. When the buzzers go off and you need that swift exit, the full length baffled crash zips won't let you down. The bag also comes complete with a large zipped heavy weight holdall.

- Performance grade **AQUATEXX®** outer shell.
- Hollow fibre filling.
- Twin crash zips.
- Twin retaining flaps & central webbing strap.
- Zipped pocket for pillow.
- Fleece lined.
- Heavy duty zipped carryall.
- Dimensions: 2250mm (l) x 1000mm (w)
- Weight: 5kg

408220

**Atexx Pillow****£19.99**

A luxury double sided pillow with two different finishes. This very comfy bedchair accessory features a fleece side for those bitter winter nights and a polycotton reverse for those warmer summer evenings. Designed to fit perfectly inside the dedicated zipped pocket on our Atexx sleeping bag.

- Double sided fleece / polycotton.
- Cover can be removed for laundering.
- Designed to work with our Atexx sleeping bag.
- Dimensions: 690mm (l) x 440mm (w) x 250mm (d)

408225

**Atexx Camo Pillow Cover****£12.99**

A full sized pillow case in our popular DPM camo Aquatexx®. Designed to fit standard sized pillows.

- Performance grade **AQUATEXX®** in DPM camo.
- Dimensions: 690mm (l) x 440mm (w)

The weather can easily make or break a session.  
Get adequate cover, and your body will thank you for it.

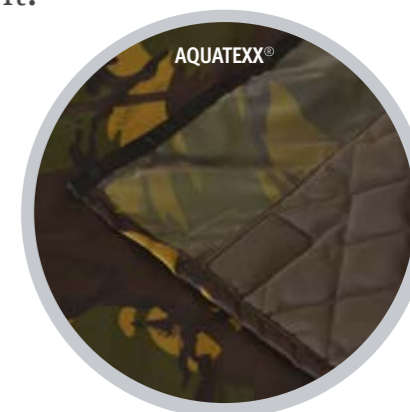

408210

**Atexx Bedchair Cover****£64.99**

This breathable and waterproof Aquatexx® bedchair cover offers the ultimate comfort and protection from the elements and adds that important thermal layer. The poly cotton quilting has exceptional warmth to weight ratio with added durability and, unlike some materials, does not attract bank side debris. It also washes very well and is less bulky than fleece. Also available in DPM camo Aquatexx®.

- Performance grade **AQUATEXX®**
- Polycotton quilted lining.
- 4 adjustable bed chair fastenings.
- Dimensions: 2000mm (l) x 850mm (w)

408215

**Atexx Camo Bedchair Cover****£69.99**

Unbridled ambition, setting a new personal best, cracking a tough venue or simply getting out there, we all have different objectives. The location and timing can be tricky, confidence and luck can run low at times, but the easy part should be our ability to adjust to any scenario, being organised, having the the right tools for the job and making sure everything fits perfectly.

404304

**Black Series Large Rucksack**

**£129.99**

A large-capacity, free-standing rucksack with a multitude of external pockets. This Black Series modular system allows you to customise your method of stowage to suit your style of angling. The weather flap gives rain protection and covers the easy to access main compartment. The rucksack is generously sized to accept compatible Black Series luggage items and other large items such as clothing and bedchair covers. The ergonomic moulded neoprene back system allows you to carry this rucksack in comfort and safety.

- Endura fabric.
- 6 external, deep-zipping, padded & lined pockets.
- Large load capacity (90 litres plus).
- #10 zips throughout.
- Reinforced base with additional straps.
- Nylplex base.
- Dimensions 680mm (h) x 360mm (d) x 470mm (w)

**Designed for**

- Standard Cool Bag • Session Cool Bag
- Brew Kit Bag • Buzz Bar Bag • Rig Wallet
- Bank Stick Roll • Large & Medium Bitz Bags

404303

**Black Series Roving Rucksack**

**£94.99**

Part of the exciting Atom® concept, this feature packed rucksack is the basis for all your roving needs. A sturdy well thought out rucksack makes swim hopping a tireless task. Multiple pockets adorn the internal walls, a large central divider with built in rig table add a level of luxury usually only found within the confines of a bivvy. The hard wearing, rigid moulded EVA base offers good grounding and excellent protection from gravel and muddy banks. The 3 point harness system makes carrying very comfortable and the slim profile keeps the centre of gravity close to the body. This rucksack has in built straps that will accommodate either an Atom® bivvy or roving unhooking mat.

- Endura fabric.
- Straps in base for mat or Atom®
- Invertible ridged table.
- Moulded EVA base.
- Slim design for comfortable carrying over longer distances.
- Works well on a barrow as all straps are on the top.
- Low profile allows rucksack to be slid under a bedchair.
- Twin haul loops.
- 3 point harness.
- 3 external pockets.
- 2 internal mesh pockets.
- 1 zipped internal pocket.
- 2 x removable security pouches.
- Dimensions: 550mm (h) x 450mm (w) x 230mm (d)

**Designed for**

- Roving Cool Bag • Roving Rig Wallet
- Roving Buzz Bar Bag • Roving Gadget Bag
- Roving 2 Pot Glug Bag • Deluxe Scales Pouch

**404911 Black Series Stalking Bag £44.99**

Perfect satchel style stalking bag. Designed with a comfortable shoulder strap and slim profile which keeps the bag close to your body and avoids those snags and branches when creeping around the bankside. The front compartment is foil lined and will accept up to 2kg of bait or a generous amount of food and drink.

- Endura fabric.
  - 1 main compartment.
  - 1 Foil lined compartment.
  - #10 zips throughout.
  - Comfortable shoulder strap.
  - Dimensions: 260mm (h) x 200mm (d) x 420mm (w)
- Designed for**
- Rig Wallet • Buzz Bar Bag

\* Contents not included

**404919 Black Series Roving Rig Wallet £29.99**

A compact version of our Black Series Rig Wallet, the Roving Rig Wallet is compact in size yet big in features and can be used as a stand-alone tackle box or as additional storage for rigs and terminal items. A large foam rig board with a central divider is suitable for housing packets of hooks, swivels and beads while the multiple clear wallets are perfect for leaders or tubing.

- Endura fabric.
- Multiple clear plastic wallets for easy identification of contents (4).
- Foam rig board suitable for rigs up to 8"
- 2 large mesh pockets.
- Multiple sleeves suitable for packets.
- #10 main zip.
- High quality inner zip.
- Dimensions: 190mm (h) x 60mm (d) x 290mm (w)

CARRYALLS

\* Contents not included

404103

**Black Series Small Carryall**

**£74.99**

If you like to travel light and keep things simple then this carryall will suit. For those anglers who take only the essentials, keep organised using several bags or simply need a smaller barrow bag, then this carryall is perfect. As with our larger barrow bag, this one is padded, lined and has a reinforced waterproof base. Continuing with the modular theme the front pocket will house our standard buzz bar pouch and the 5 external pockets have been sized to fit the Black Series large bitz bags.

- Endura fabric.
- 5 external deep, zipped, padded & lined pockets.
- #10 zips throughout.
- Comfortable, moulded, neoprene shoulder strap.
- Reinforced base & solid lid designed to be used as a table.
- Multiple configurations with the Black Series range.
- Dimensions: 310mm (h) x 380mm (d) x 580mm (w)

**Designed for**

- Large Bitz Bags • Buzz Bar Bag • Rig Wallet • Standard Cool Bag

\* Contents not included

404102

**Black Series Barrow Bag**

**£89.99**

A spacious, padded and lined carryall designed to be used in conjunction with your barrow. Providing a solid workstation it boasts a reinforced base, padded and lined pockets, twin mesh inner pockets, a stiffened lid and comfortable carry strap. Perfect for the longer stay session angler or those who take more tackle to the bank.

- Endura fabric.
- 4 external deep, zipped, padded & lined pockets.
- #10 zips throughout.
- Comfortable, moulded, neoprene shoulder strap.
- Reinforced base & solid lid designed to be used as a table.
- Multiple configurations with the black series range.
- Dimensions: 310mm (h) x 390mm (d) x 730mm (w)

**Designed for**

- Standard Cool Bag • Session Cool Bag
- Brew Kit Bag • Buzz Bar Bag • Rig Wallet
- Large & Medium Bitz Bags

404603

**Black Series Modular Cool Bag**

£44.99

Used alone or as the base for your modular cool bag system, this bag features a hard wearing, bronze foil lining for durability and close cell foam for superior insulation. For longer sessions or heavy bait users the bag has a large capacity to hold around 10kg of boilies and the sizing of our Black Series cool bags allow several configurations to be used. Great if you want to separate bait, food and tackle.

- Endura fabric.
- Foil lined compartment.
- Close cell foam insulation.
- Wipe clean linings.
- #10 zips throughout.
- Comfortable padded should strap & carry handles.
- Dimensions: 270mm (h) x 300mm (d) x 420mm (w)

\* Contents not included

3 Standard Cool Bags

1 Session Cool Bag + 1 Standard Cool Bag

2 Brew Kit Bags + 1 Standard Cool Bag

404605

**Black Series Session Cool Bag**

£27.99

The perfect size for a few kilos of frozen bait, a couple of tins of particle and hook bait tubs. The session bag features include a hard wearing, bronze foil lining for durability and close cell foam for superior insulation. Perfect for use with our other cool bags as part of a complete bait and food solution on longer sessions, but also a great size for those who only use one cool bag.

- Endura fabric.
  - Foil lined compartment.
  - Close cell foam insulation.
  - Wipe clean linings.
  - #10 zips throughout.
  - Lay flat carry handle.
  - Dimensions: 250mm (h) x 250mm (d) x 250mm (w)
- Designed for**
- Modular Cool Bag • Large Rucksack
  - Bucket Bags • Barrow Bag

404606

**Black Series Brew Kit Bag**

£24.99

With the same foil lining and insulation featured on all Black Series cool bags, this brew kit bag has been designed to accommodate a pan set and the kit you need to keep those hot drinks coming throughout your session. Better still, keeping with the modular theme, this bag fits perfectly inside our bucket bags. Also a great bit of kit for storing hookbait tubs & PVA.

- Endura fabric.
  - Foil lined compartment.
  - Close cell foam insulation.
  - Wipe clean linings.
  - #10 zips throughout.
  - Comfortable moulded carry handle.
  - Dimensions: 130mm (h) x 250mm (d) x 250mm (w)
- Designed for**
- Large Rucksack • Modular Cool Bag
  - Barrow Bag • Bucket Bags

404604

**Black Series Standard Cool Bag**

£19.99

This cool bag is very versatile. The slim profile, small footprint and top handle makes it easy to slide in and out of all but the smallest of luggage. Due to its shape, the capacity is in the products height and will hold around 2kg of boilies and bait, several hookbait pots or food and drink for a shorter session.

- Endura fabric.
  - Foil lined compartment.
  - Close cell foam insulation.
  - Wipe clean linings.
  - #10 zips throughout.
  - Comfortable moulded carry handle.
  - Dimensions: 250mm (h) x 110mm (d) x 240mm (w)
- Designed for**
- Modular Cool Bag • Bucket Bags
  - Large Rucksack • Barrow Bag

404910

**Black Series Food Bag**

£39.99

A multi-purpose bag designed to complement the Black Series luggage range and fit the gap between the Modular and Session Coolbags. With its hard wearing, wipe clean lining and padding throughout it's ideal for food items, dry bait items, or for spares that are kept in the car on longer sessions.

- Endura fabric.
- Foil lined compartment.
- Close cell foam insulation.
- Wipe clean linings.
- #10 zips throughout.
- Comfortable padded should strap & carry handles.
- Dimensions: 260mm (h) x 260mm (d) x 360mm (w)

404607

**Black Series Deluxe Cool Bag**

£44.99

Quality cool bags are important when session fishing and providing the bags opening time is limited then the contents should remain cooler for longer. Cool bags also work at their best when full so our latest addition to the range is the perfect size for 2-3 days on the bank. This deluxe cool bag has double insulation as well as improved baffles around the zip areas.

- Endura fabric.
- #10 zips throughout.
- Double insulation.
- Optimum size for session anglers.
- Zip baffles reduce heat ingress.
- Dimensions: 260mm (h) x 260mm (d) x 360mm (w)

\* Contents not included

Quality boilies are expensive. Knowing your bait's in tip-top condition is a confidence boost.

### Air-Dry Bags

For extended sessions you need your bait to stay fresh and if your baiting method is a throwing stick then your boilies need to be hard enough to withstand the force. In order to dry them out effectively, a good quality air-dry bag is needed, and having the correct size for the amount of bait you need to dry will also help.

Our air-dry bags are robust and very well constructed using excellent quality ,cross weave mesh. The standard sized air-dry bags will hold around 4kg of boilies and are available in green and camo. Our green xl version will hold over 5kg of boilies. A quality zipped top ensures easy access and 30mm wide webbing handles give that important secure anchor point.

404909  
**Black Series Bucket Bag**

£38.99

This multi-use Modular Bucket Bag will accommodate a single session cool bag or up to three brew kit bags. Multiple configurations can be achieved dependant on your tackle and food requirements. The bag can also be used as a standalone bait carryall. Featuring a wipe-clean lining, hard wearing waterproof base and a moulded neoprene shoulder strap. The Black Series Bucket Bag is a very versatile piece of kit that will suit many situations.

- Endura fabric.
- #10 zip.
- Wipe clean linings.
- Comfortable padded should strap.
- Dimensions: 400mm (h) x 270mm (d) x 270mm (w)

**Designed for**

- Session Cool Bag • Standard Cool Bag • Brew Kit Bags

404917  
**Black Series Small Bucket Bag**

£34.99

A new addition for 2016, this smaller version of our super versatile bucket bag can accommodate 2 brew kit bags or using other items in the Black Series range, could be custom configured you suit your needs. Used alone, the smaller size will suit the shorter session angler or, by using several small bucket bags you have a complete bait and food solution for prolonged sessions.

- Endura fabric.
- #10 zip.
- Wipe clean linings.
- High quality oversized zips throughout.
- Comfortable padded should strap.
- Dimensions: 260mm (h) x 260mm (d) x 260mm (w)

**Designed for**

- Standard Cool Bag • Brew Kit Bags

410126

**Camo Air-Dry Bag**

£13.99

- Cross weave knitted mesh for strength.
- Wide 30mm webbing.
- #10 zip.
- Holds around 4kg of boilies.
- Dimensions: 430mm (h) x 430mm (w)

**AQUATEXX® Stuff Sacks**

Organising your tackle can help you stay focused on the catching part but many items of equipment (that need protecting or separating) just won't fit into certain pockets or tackle boxes. Your important equipment rattling around in the carryall or rucksack is not ideal and this is where our selection of stuff sacks come in to play. These stuff sacks are available in three useful sizes and come in both green and DPM camo so you can mix and match to organise your tackle and quickly identify the contents. All the sacks are quilted and lined to protect from everyday knocks and bumps and the outer is constructed from Aquatexx® to keep the wet weather out. The simple draw corded tops and cord-lock keeps everything in place.

410115  
**Stuff Sack Large**  
£9.99

410116  
**Stuff Sack Medium**  
£8.99

410117  
**Stuff Sack Small**  
£7.99 \* Contents not included

**Stuff Sack Small** Perfect for keeping that DAB radio protected, a safe place for your wireless receiver, compact camera or mobile phone, note books and other smaller items. Dimensions: 210mm (h) x 140mm (w)

**Stuff Sack Medium** A good size to protect your classic avon type scales, carp sacks, head torches or tool kits. Well suited to those all important carp care kits or personal first aid kits. Dimensions: 260mm (h) x 200mm (w)

**Stuff Sack Large** Being the largest stuff sack this is well suited to a set of standard dial scales, head wear, PVA kits or even a mini tablet. Also large enough for compact clothing. Dimensions: 330mm (h) x 250mm (w)

404912  
**Black Series Small Bitz Bag**

£14.99

A small, padded and soft-lined accessory pouch with all the same features as the large and medium bitz bags. Perfect for keeping individual set-up's separate (like floater gear & stalking rig bits) and also to house smaller items like compact cameras or pop up tubs.

- Endura fabric.
- #10 main zip.
- Clear zipped compartment.
- Dimensions: 100mm (h) x 170mm (d) x 170mm (w)

**Designed for**  
• Small Rucksack

\* Contents not included

Focus on the catching part, stay organised, find a place for everything...

404915  
**Black Series Rig Wallet**

£36.99

This rig wallet has been designed around the modular theme to fit comfortably into the rucksacks and carryalls in the range. The wallet is fitted with a well thought out, high density foam rig board with intermediate securing bars for varying rig lengths. High quality, zipped clear sleeves allow you to organise and quickly identify the rig bits you need. The central divider has a selection of pockets for packets of hooks and swivels and a mesh pocket caters for spools of braids and hooklink materials.

- Endura fabric.
- #10 main zip.
- 8 Clear zipped sleeves.
- High density foam rig board.
- Central divider with 8 pockets.
- Dimensions: 390mm (w) x 240mm (d) x 70mm (h)

A dedicated pouch designed to house dial type scales. This pouch is fully padded and lined to protect your scales from bumps and knocks with internal loops for forceps and fish care products.

- Endura fabric.
- #10 zips throughout.
- Accommodates most modern dial scales.
- Padded and lined.
- Dimensions: 290mm (w) x 190mm (h) x 60mm (d)

**Designed for**

- Roving Rucksack • Small Rucksack

**410112**  
**Black Series Quilted Stove Bag**

**£14.99**

Designed with the petrol stoves in mind which are notorious for being more mucky than the gas variants. If you want to keep carbon deposits away from your food items this is the product for you. The bag is quilted and lined, with a hard wearing Endura® outer and drawstring top closure. A pair of webbing handles completes the bag. This can also be used to contain the larger gas canisters.

- Endura fabric.
- High quality webbing & clips throughout.
- Dimensions: 240mm (h) x 140mm (d)

**404916**  
**Black Series Gas Pouch**

**£8.99**

Gas canister's freezing up in winter lead to prolonged burn times and poor efficiency, insulate your canister with our neoprene gas pouch suited to the larger 450 gram canister's.

- Constructed from high quality neoprene.
- #10 zip.
- Improved gas efficiency.
- Fits large 450 gram canister's.
- Dimensions: 120mm (w) x 120mm (d)

404814

### Black Series Full Rod Holdall

£99.99

If extreme protection is required then look no further. New for 2016 this fully enclosed 5 rod holdall is padded and lined and will accommodate up to 5 fully made up rods and house 50mm butt rings and big pits with ease. The large reel recesses are stiffened and padded to maintain shape and stability around key areas and provide a snug fit for your reels. Multiple straps ensure everything stays in place in transit, perfect for longer trips where rod protection is vital.

- Endura fabric.
- #10 Zips throughout.
- Well padded and lined.
- 5 rod capacity for 12 foot rods or smaller.
- Compatible with 50mm butt rings.
- Compatible with big pits.
- Comfortable, adjustable, padded shoulder strap.
- Dimensions: 2000mm (h) x 300mm (w) x 250mm (d)

### FULL ROD PROTECTION

## Safe, secure and protected where it counts.

You only need one rod to catch carp but lets face it, we all love a rod for each and every application and most of us carry a minimum of three. It doesnt matter if you own custom builds or a set of budget rods, all costs are relative if you damage them and although many rods have rugged build quality, they are far from invincible. Some damage can go unnoticed, until that vital moment when you need the rod to serve its purpose. Chipped rod guide inserts will rip into your mainline causing a crack off on the cast or playing a fish, and hairline fractures will become apparent when you least expect it. Potentially damaging scenarios range from storing your rods in the garage, loading the boot of your vehicle, loading and unloading the barrow and moving from swim to swim.

The Aqua Products® team understand the importance of adequate rod protection and how to achieve it, so for 2016 we have launched what we believe to be our best full rod holdalls to date. Well designed, functional and fully tested, this new collection follows the footsteps of previous Endura products and covers all the right configurations to cater for the occasional session angler, the travelling long stay angler and every situation in-between.

### HOLDALLS AND FULL SLEEVES

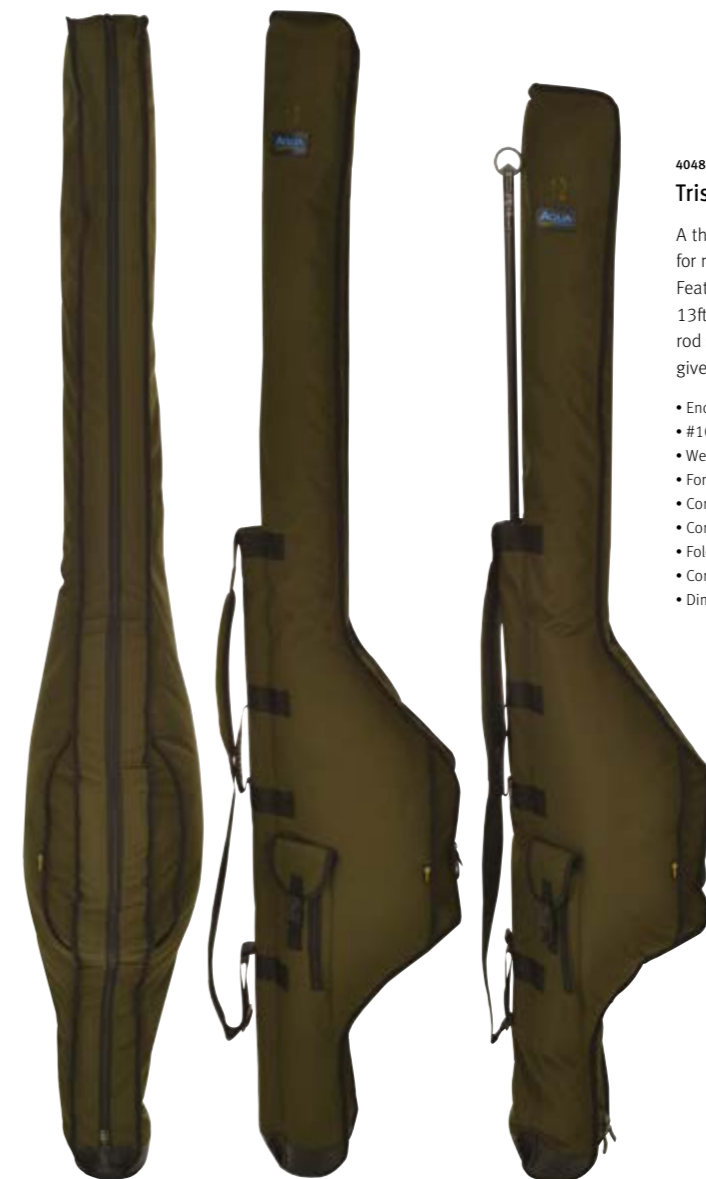

404813

### Tristar 5 Rod - 12 Foot

£109.99

A three rod, spod and marker set up is common practice for many carpers so this Tristar 5 rod sleeve will be perfect. Featuring all the same design updates as our 12ft and 13ft 3 rod versions, this configuration will suit most modern rod set ups, house big pit reels, 50mm butt rings and also give extra capacity for occasions when you take less rods.

- Endura fabric
- #10 Zips throughout.
- Well padded and lined.
- For 12ft rods or smaller.
- Compatible with 50mm butt rings.
- Compatible with big pits.
- Fold flat handles.
- Comfortable, adjustable, padded shoulder strap.
- Dimensions: 2000mm (h) x 500mm (w) x 170mm (d)

404811

### Tristar 3 rod - 12 foot

£99.99

An updated version of our popular 3 rod Tristar. This 3 rod sleeve is ideal for anglers who prefer full rod protection over quiver systems and offers a compact and streamlined holdall solution. The sleeve has padded dividers and will safely accommodate 3 x 12ft rods made up. A carefully positioned landing net pocket along the spine and bank stick pockets at the base complete the system.

- Endura fabric.
- #10 Zips throughout.
- Well padded and lined.
- For 12ft rods or smaller.
- Compatible with 50mm butt rings.
- Compatible with big pits.
- Fold flat handles.
- Comfortable, adjustable, padded shoulder strap.
- Dimensions: 1950mm (h) x 450mm (w) x 120mm (d)

404812

### Tristar 3 rod - 13 foot

£104.99

The popularity of 13ft casting tools has increased over the past few years, so for 2016 we have introduced a Tristar Rod Sleeve to cater for these longer rods. The system is ideally suited to 12ft 6" or 12ft 9" rods which are becoming increasingly popular, and the Tristar provides maximum protection.

- Endura fabric.
- #10 Zips throughout.
- Well padded and lined.
- For 13ft rods or smaller
- Compatible with 50mm butt rings.
- Compatible with big pits.
- Fold flat handles.
- Comfortable, adjustable, padded shoulder strap.
- Dimensions: 2100mm (h) x 450mm (w) x 120mm (d)

404807  
**RS Quiver Top Sleeve**

£19.99

Added protection for quiver users this simple to use top sleeve is padded and lined and features a zip at the rear. The top sleeve streamlines the rods and prevents any unwanted tangles with the usual bankside snags during transit.

- Endura fabric.
- #10 zip.
- Padded and lined.
- Dimensions: 1180mm (h) x 320mm (w)

\* Contents not included

404805  
**RS 4 Quiver**

£39.99

This no nonsense 4 rod quiver is simple and effective. The RS4 is based on our original concept with a main compartment to house a shelter and front loading pocket, perfect for weigh slings or bank sticks. Loading heavy shelters can cause stress on quiver systems so our Nylplex reinforced base makes it durable and robust.

- Endura fabric.
- Takes up to 4 rods fully made up.
- Reinforced Nylplex base.
- Comfortable padded shoulder strap.
- Lay flat handle.
- Large main compartment.
- Quiver top sleeve available.
- Pocket for storm rods & weigh slings.
- Dimensions: 1220mm (h) x 320mm (w)

404806  
**RS 5 Quiver**

£44.99

With all the same 2016 design updates and features as our new RS4, this slightly larger 5 rod version will suit the common 3 rod, spod and marker set ups. Having the capacity to hold more rods, reels and a large shelter, the RS5 is well suited to our quiver top sleeve will help to streamline your set up.

- Endura fabric.
- Takes up to 5 rods fully made up.
- Reinforced Nylplex base.
- Comfortable padded shoulder strap.
- Lay flat handle.
- Large main compartment.
- Quiver top sleeve available.
- Pocket for storm rods & weigh slings.
- Dimensions: 1220mm (h) x 390mm (w)

## Heavyweight designs. Light on the shoulders.

Aqua Products® are known for their no-nonsense, fully functional rod slings and quiver systems with the basic designs being tweaked over the course of a decade but without any significant changes to the important parts. With the lighter nature of quivers and slings (in comparison to full holdalls), we understand that the correct design and balance is key. The rods need as much protection as possible but without unnecessary bulk and anglers who need a little more protection need a few extra bits to customise their set up.

\* Contents not included

404808  
**Roving Quiver**

£39.99

This updated version of our roving quiver has a full length #10 zip along the main compartment which makes packing and unloading shelters much easier than the more common top opening quivers. The improved round profile makes light work of stowing your gear and more comfortable when carrying. Perfect for the mobile angler.

- Endura fabric.
- #10 zips.
- Nylplex reinforced base.
- New round profile.
- Lay flat handles.
- Full length zipped main compartment.
- Bank stick pocket.
- Landing net pole pocket.
- Dimensions: 1150mm (h) x 170mm (w)

**404809 Individual Rod Sleeve £19.99**

Updated 2016 version of our popular ¾ length padded sleeves simply slide over the rod & reel for extra protection. The design is well thought out with no zips to tangle in lines and a simple draw cord and clip together system for easy assembly. Compatible with 12ft / 12ft 6" & 13ft rods these individual rod sleeves work perfectly with our RS4 & RS5 quivers.

- Endura fabric.
- ¾ length design.
- Well padded and lined.
- Draw cord closure.
- Designed for use with our RS quivers.
- Compatible with multiple rod lengths.
- Dimensions: 1650mm (h) x 250mm (w)

**404810 Full Rod Sleeve 12ft £24.99**

Re-designed for 2016, these contoured rod sleeves have an upgraded padding for extended protection and the new shape is perfect for almost any rods. With distance casting becoming more popular, ring spacing and large bore butt rings are increasingly prone to damage but with this new sleeve you can rest assured your casting tools are well looked after.

- Endura fabric.
- #10 Zip.
- Well padded and lined.
- 12ft & 13ft option available.
- Clip together system
- Compatible with 50mm butt rings
- Compatible with big pits
- Dimensions: 2000mm (h) x 230mm (w)

Embroidered detail on both 12ft and 13ft sleeves for quick rod length identification

**410127 Neoprene Tip & Butt Protectors £10.99**

Updated for 2016, these neoprene tip and butt protectors offer the optimum protection to spigots and tip rings when in transit. Simple strap fitting and very effective, these are ideal for use with our Roving quiver and RS quivers.

- Constructed from high quality neoprene
- Supplied as a pair (tip & butt).
- Dimensions: 200mm (h) x 50mm (w) Butt / 200mm (h) x 30mm (w) Tip.

**410122 Neoprene Rod Straps £4.99**

Neoprene rod straps enable the blanks of a rod to be bound together safely during transit. A simple, light weight design that's kind to your rods.

- Constructed from high quality neoprene.
- Supplied as a pair.
- Large: 180mm (l) x 60mm (w)
- Small: 180mm (l) x 40mm (w)

**404815 Full Rod Sleeve 13ft £26.99**

- Dimensions: 2150mm (h) x 230mm (w)

**404816 Lightweight Rod Sleeve £14.99**

Designed to keep weight to a minimum this unlined and un-padded Aquatexx® rod sleeve gives waterproof coverage with no bulk. The ¾ length ensures the reels are kept dry and prevents direct contact of rod blanks and reels. A draw cord keeps the rod sleeve in position and is secured neatly below the reel. Also available in DPM camo.

- Performance grade AQUATEXX®
- ¾ length design.
- Draw cord closure.
- Works well with our Roving and RS Quivers.
- Compatible with multiple rod lengths.
- Dimensions: 1580mm (h) x 240mm (w)

**404820 Camo Lightweight Rod Sleeve £15.99**

**410100 Landing Net Stink Sleeve £10.99**

Designed to prevent wet nets and "rigid bar" weigh slings coming into contact with other items within your rod bag or luggage. This sleeve is suitable for nets upto 42inch and the reliable Aquatexx® construction will keep any unpleasant odours and moisture away from your other equipment. Also available in DPM camo.

- Quick dry AQUATEXX®
- Draw cord closure.
- Reinforced base.
- Dimensions: 1150mm (h) x 160mm (w)

**410205 Camo Landing Net Stink Sleeve £11.99**

**410206 Camo Net Float £11.99**

Designed to aid the landing of fish by keeping the block buoyant in the water, our simple to use net floats will fit and float most modern nets.

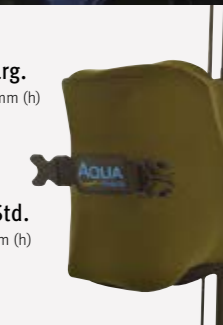

- Quick dry AQUATEXX®
- Dimensions: 200mm (h) x 50mm (d)

**410101 Net Float £10.99**

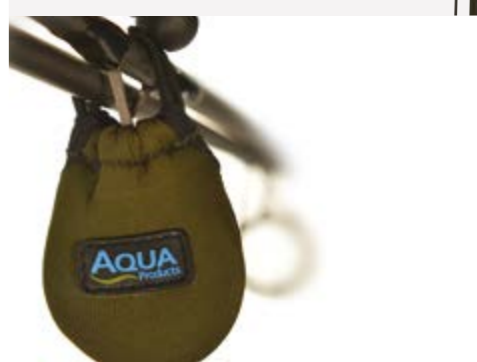

**Neoprene Reel Jackets**  
These high quality neoprene reel jackets offer protection from knocks and scrapes in transit. New for 2016 this pouch design can be linked together with side release clips to prevent swing and also feature a small internal pouch to house a lead when using lead clips. We offer both large versions for big pit reels and a standard size suited to smaller reels.

**410128 Neoprene Reel Jacket Lrg. £14.99**  
190mm (w) x 140mm (h) x 100mm (h)

**410123 Neoprene Reel Jacket Std. £13.99**  
170mm (w) x 120mm (h) x 80mm (h)

**410124 50mm Rod Ring Protectors £12.99**

New for 2016 these neoprene ring protectors cover the 50mm butt rings commonly found on high end casting rods. Due to their size these rod guides can easily get knocked and damage occurs to the glass ring linings. These simple and effective soft neoprene covers greatly reduces the chance of damage.

- Constructed from high quality neoprene.
- Supplied as a pack of 3.
- Dimensions : 65mm (h) x 50mm (w)

The process of unhooking, weighing and safely returning specimen fish requires attention to detail. Be well equipped, organised and methodical. Give them the care and respect they deserve.

**AQUA**  
Products

412226 **XL Unhooking Mat** £79.99

You are going to need the best possible protection if larger carp are your quarry, so for 2016 we have taken the best bits from our extremely popular and time served combi mat and blended them with the latest features. The result of this development is our XL unhooking mat, a deep dual layered foam base, wrapped in fish friendly PVC and finished with an Aquatexx® retaining cover. Keeping fish safety to an optimum this mat has four handles, an important design feature which allows two anglers to carry a larger fish.

- Performance grade **AQUATEXX®**
- 4 carry handles.
- Deep 2 layer foam construction.
- Hard wearing base fabric.
- 4 pegging rings.
- Fully zipped fish retaining flap.
- Dimensions: 1250mm (w) x 850mm (d) x 120mm (h)

412200 **Combi Mat**

£69.99

A tried and tested design that allows you to unhook, weigh and safely return your catch. To ensure your quarry is safe on the bank requires top notch construction, so only high quality inner materials and fish-friendly fabrics have been used. The reliable and quick drying Aquatexx® outer with baffled zips will serve you well for years of use. Also available in DPM camo.

- Performance grade **AQUATEXX®**
- Fish-friendly surface material.
- Deep walled foam padding.
- Lightweight carry sleeve.
- Can be used as a weigh sling.
- Stalking strap supplied.
- Baffled zips.
- Full zipped fish retaining flap.
- Dimensions: 1200mm (l) x 700mm (w) x 50mm (d)

412225 **Camo Combi Mat** £79.99

412201 **Roving Unhooking Mat**

£46.99

Part of the Atom® concept, this lightweight and practical unhooking mat provides a compact fishcare solution without compromise. It features deep compressible foam and performance grade Aquatexx® fabric, so it offers rapid drying times and reduces the risk of disease transfer between sessions and venues. The built in retaining flap ensures that even the liveliest fish are secured. Two large elastic loops keep the mat rolled and compact for transportation. Suitable for fish up to 30lb and also available in DPM camo.

- Performance grade **AQUATEXX®**
- Fish-friendly surface material.
- Compact roll design.
- Fish retaining flap.
- Dimensions: 1040mm (l) x 620mm (w) x 50mm (d)

412220 **Camo Roving Unhooking Mat** £49.99

413105

**XL Buoyant Weigh Sling**

£54.99

This extra large and buoyant carp sling should be first choice when targeting larger carp and perfect for a trip to the continent. Constructed from performance grade Aquatexx® material which has proven to be stronger, quicker drying and more fish friendly. The floats give added bouyancy and allows the fish to be retained for a short time whilst preparing your camera. The strong in-built support bars offer a greater level of comfort for the fish during weighing procedures and means the fish can be returned to the water directly from the sling resulting in less handling. The strong and durable webbed handles are designed to cope with the weight of a large fish with ease and all this comes supplied in its own Aquatexx® stink sleeve to keep odours and moisture away from your equipment when packing away. The size of this sling makes it suitable for fish up to 60lb.

- Performance grade **AQUATEXX®**
- Buoyant design.
- Heavy duty webbing handles.
- Lightweight carry sleeve.
- Dimensions: 1270mm (l) x 620mm (w)

413102

**Buoyant Weigh Sling**

£44.99

A buoyant version of our top selling carp slings. Constructed from our fish freindly, strong and quick drying Aquatexx® material, this weigh sling is slightly smaller than the XL version and suited to fish up to 40lb. A clever zip feature means no fiddly buckles and a secure cord with bank stick fittings means complete fish safety has been covered. Support bars offer a greater level of comfort for the fish during weighing procedures and fish can be returned safely with less handling. The strong and durable webbed handles will cope with the weight of a large fish with ease and all this comes supplied in its very own Aquatexx® stink sleeve to keep odours and moisture away from your other equipment when packing away. The size of this sling makes it very popular and is also available in DPM camo.

- Performance grade **AQUATEXX®**
- Buoyant design.
- Heavy duty webbing handles.
- Lightweight carry sleeve.
- Dimensions: 1060mm (l) x 620mm (w)

413201

**Camo Buoyant Weigh Sling**

£49.99

413103

**Carp Sling**

£29.99

The upgraded version of our our long standing, top selling safety weigh sling constructed from performance grade Aquatexx® material which has proven to be stronger, quicker drying and more fish friendly, minimising mucus transfer. The support bars offer a greater level of comfort for the fish during weighing procedures and due to its design means the fish can be returned to the water directly from the sling resulting in less handling. The strong and durable webbed handles are designed to cope with the weight of a large fish with ease and all this comes supplied in its very own Aquatexx® stink sleeve to keep odours and moisture away from your other equipment when packing away. Also available in DPM camo.

- Performance grade **AQUATEXX®**
- Heavy duty webbing handles.
- Lightweight carry sleeve.
- Dimensions: 1100mm (l) x 620mm (w)

413200

**Camo Carp Sling**

£34.99

413106

**Compact Weigh Sling**

£34.99

A compact folding version of our top selling slings. Ideal for the roving mobile angler or those wishing to save precious luggage or barrow space. The support bars offer comfort for the fish during weighing procedures and the fish can be returned to the water directly from the sling resulting in less handling. On this compact sling the support bars fold in two for easy transportation. Constructed from performance grade Aquatexx® material which has proven to be stronger, quicker drying and more fish friendly, minimising mucus transfer. Strong and durable webbed handles are designed to cope with the weight of a large fish with ease and all this comes supplied in its very own Aquatexx® stink sleeve to keep odours and moisture away from your other equipment when packing away.

- Performance grade **AQUATEXX®**
- Compact folding design.
- Heavy duty webbing handles.
- Lightweight carry sleeve.
- Dimensions: 1100mm (l) x 600mm (w)
- Pack Size: 550mm (l) x 100mm (w)

413104

**Free Flow Carp Sack**

£19.99

This fish friendly, twin stitched carp sack has been made using the softest black mesh available. It features robust size 8 zips with baffles and an anti-escape clip. Supplied with enough cord to enable your catch to nestle safely in the deep margins. A large and buoyant "H" block marker is attached by sturdy cord and all this is supplied in an Aquatexx® pouch to stop odours and moisture getting to your luggage when packing away. We believe when used correctly that our sacks to be some of the safest commercially available.

- Freeflow black mesh.
- Long safety retaining cord & bank stick adapter.
- Twin zips.
- Twin stitching for added strength.
- Anti-escape clip.
- Hi Viz H block marker.
- Aquatexx® carry pouch.
- Dimensions: 1150mm (l) x 850mm (w)

### Shipping & Handling

Due to the increased cost of postage & courier prices we must add a minimal charge to each order. The following postage costs will be added to your order at the time of processing:

#### UK Mainland Customers

**Web orders** £3.00

**Telephone orders under £50** £8.00

**Telephone orders over £50** £12.00

#### Europe & Rest of the World

Please ask for a quote by contacting us at [info@aquaproducts.co.uk](mailto:info@aquaproducts.co.uk) include a full list of items required and a full delivery address. We aim to respond within 3 working days, and will require confirmation from the customer prior to the order being processed.

### Delivery Schedule

We endeavour to deliver your order right away. Your order will normally be with you in 2-10 business days. Some larger items may take longer during busy periods. International orders are generally received in under 10 working days.

### Availability

We occasionally experience delay on certain models of Aqua bivvies due to our stringent quality control procedures and to ensure the products leaving our warehouse are of the best possible quality.

### Terms & Conditions

(please read before ordering)

1. All prices are correct at the time of going to press. Prices and specifications may vary over time. We will endeavour to inform customers of any changes. Aqua reserve the right to withdraw any product or offers at their own discretion. All specified weights & dimensions are approximate.

2. Refund and Exchange - You may return the goods to us within 14 days of receipt in mint condition and we will issue an immediate refund, including the cost of our postage and packing. Alternatively and in accordance with the distance selling regulations, we will be happy to provide a refund or exchange on any item provided. Please contact us within 7 working days of your order using a durable medium e.g., post. We can then arrange for your refund to be processed (this may take up to 30 days). As part of your contact with us you are required to return any unwanted items to us within 30 days of cancellation. We can then either arrange collection (at your cost) or you may arrange to return the items to us. Please note that you are obliged to have taken reasonable care of the items and we reserve the right to deduct the cost of recovering the items should you not return them to us within 30 days of cancellation.

3. Delivery - Next day delivery on all orders (excluding Highlands, islands and overseas) placed before 2pm Monday to Thursday. Items weighing less than 1kg will be delivered using 1st class Royal Mail where 95% of all orders are received on the next working day. All other orders are sent by next day courier service where over 99% of items are delivered next day. Please note that we are in the hands of our trusted couriers and therefore cannot guarantee the speed of this service.

4. Payment - All credit and debit card payments are processed once your order has been prepared for despatch. Paypal payments are processed at the time of the order, however if the item is not in stock we will return the Paypal payment within 10 working days.

5. 3rd Party Sales. Any items not bought directly from ourselves will need to be returned to the seller of the product should any issues occur with your product. They will then return it to us for repair, replacement or refund. We can only discuss products with the party we have sold them to.
